The Iowa Democrats.

The Iowa Democratic Convention will meet

The Republican Situation.

The candidate they have selected for this purpose, on whom they have agreed, so far as an agreement made in June can withstand the changes which may take place before September, is Commodore JOHN H. STARIN, of the FORT OF LEON of Glen Island. Mr. STARIN is a Republican who has the singular advantage of being country born and farmer bred, yet living in the city of New York. He is a native of Sammons ville, in Fulton county. He is 66 years of age.

There is a dispute whether the number of these delegates should have been based upon the Democratic vote of 1889 or of 1890. The Democratic State Committee, in which our friends of the Governor are in a majority, are expected to decide the dispute in his favor, and thus reduce the number of SEAL delegates; but such a course would only intensify the opposition of the Hamilton county Democrats to Governor CAMPBELL. We have great respect for that gentleman, and he has shown himself to be a man of courage and ability; but will it be wise to nominate him in view of the animosity of the Hamilton county Democrats? An Artist Indeed.

We have no desire, in declaring a pugilist to be legally an artist under our present laws, to give a handle to the gibbering mob that may take issue with his opponent's physiognomy and torso red or blue; we are only anxious to place before the eyes of an individualizing army of public performers practicing particular professions susceptible of the very highest artistic cultivation and of the application of superior intelligence. Mr. SLAVIN may not be, strictly speaking, of the first class. He has not the exquisite skill of MACR, nor by any means does he exhibit so unmistakably the grand style which shines through all the awkwardness and carelessness of the heroic.
